

Whaler's Cove Assisted Living **Cost Comparison Worksheet**

This worksheet will help you compare the costs of your (or your loved one's) current living situation to the costs of Assisted Living. Many view in-home services and daycare as more affordable, but those costs add up quickly and the schedule can be difficult to manage.

Fill out this worksheet and bring it with you to your tour at Whaler's Cove. Our Staff will use this information to help you discover the best option.
