August Birthdays

If you were born between August 1–22, you are a Leo, the Lion. Creative and ambitious with a magnetic personality, Leos enjoy the spotlight. Warm, loving, and kind, they make loyal and honorable friends. Those born between August 23–31 are Virgos. Virgos are considered shy and sometimes naïve, private, and tidy. They are curious explorers who are incredibly loyal and well respected by their friends and colleagues.

National Dog Day

As we celebrate National Dog Day, we reflect on the incredible companionship and joy that dogs bring to all of us. Bodhi, the golden doodle, visits our community monthly, spreading happiness wherever he goes.

For our residents, Bodhi is more than just a visitor; he is a cherished friend who brightens their days with his wagging tail and loving demeanor. Many eagerly await his visits, knowing that a few moments spent with Bodhi can lift spirits and bring smiles.

Therapy animals like Bodhi have a remarkable ability to create connections and foster a sense of comfort and well-being. Their presence has been shown to reduce stress and loneliness, which is especially meaningful in our community where companionship and social interaction are valued so highly.

During his visits, Bodhi engages with residents in various activities—from apartment visits to company at Bingo—and each interaction is a reminder of the unconditional love and happiness that pets bring into our lives.

National Dog Day serves as a wonderful opportunity to recognize and celebrate the special bond we share with animals like Bodhi. His role in our community goes beyond therapy; he is a beloved member of our extended family, enriching our lives in countless ways.

As we honor Bodhi and all dogs this special day, we extend our heartfelt gratitude for the joy and companionship they bring into our lives. Here's to Bodhi, our furry ambassador of happiness, and to the enduring bond between pets and their human companions. Happy National Dog Day!

Augst Serenity: Embracing Summer's Glow

In August's gentle sway, where sunlight lingers long, Days bloom with colors bright, a canvas rich and strong. The garden whispers tales of old, in flowers' joyful hue, each petal holds a story told, of skies so clear and blue. Beneath the shade of leafy trees, we gather hand in hand, sharing laughter, sharing dreams, where memories gently land. In this haven of warmth and care, where hearts together grow, we cherish every moment shared, as summer's breezes blow. As days unfold like pages turned, with tales of joy to write, here in our cherished home, we find our hearts alight.
